GUARANTEE. Lindley Nurseries, Inc., exercises the greatest care possible to keep their varieties true, and hold themselves in readiness to reship any tree or plant that may prove otherwise, or refund the original sum of money paid therefore, if reported to them within five years from date of order. It is mutually agreed that they are not further responsible in any case. We furnish with each shipment a certificate that our Nurseries have been examined by the State Entomologist of North Carolina and found free from contagious diseases.

REPLACING, When stock is delivered in good condition, our responsibility ceases. However, if it has been properly cared for and the bill paid promptly we replace all dead plants at half list price.

AUTO-TRUCK DELIVERIES, based on actual cost, are made within a reasonable distance of our Nurseries. The advantages of truck delivery are many. Boxing is eliminated, stock arrives in much better condition, and the goods are landed on the ground within a short time after being dug.

VISITORS WELCOME. You are invited not only to visit the office, but to go over the extensive grounds as well. There are more than six hundred acres in the farm.

I set out Peach trees that came from your Nursery ten years ago, and they are some of the best I ever had. Please send me one of your new catalogs.

L. E. SCHUMPERT, Lexington S. C.

* * * * *

We have had a great deal of experience advising in regard to orchard plantings, and shall be glad to be of any possible help along this line with any of our friends, and your correspondence is invited.

There is hardly anything else that will contribute to a family's welfare like a home orchard of various fruits. You can start in with early peaches, and continue throughout the summer, winding up with early winter apples, and have various fruits and berries every day for your dinner table. And of course can all you can't eat while fresh.

While we grow ornamental plants in great quantities, it is to be remembered that fruit trees are grown in quantity also.

I feel like I would like to tell you Mr.
Crichton and I are very much pleased with
the planting which Theodore Pope did at
our new home. The arrangement of plants
is decidedly unusual and is most attrac-
tive.

LINDLEY'S LANDSCAPE DEPARTMENT

A great vogue for beautiful home-grounds is sweeping the country. Well-planted and well kept lawns are as much a part of the modern times as motor cars and fashionable apparel. An outdoor living-room costs little and adds much to the joy of living. Let the sod provide a velvety carpet; use trees, shrubs, and evergreens to give privacy; add color and fragrance by using hardy plants. Now is an ideal time to plan improvements. You will thoroughly enjoy planting, and will be amazed that so much beauty, pleasure, and satisfaction can be had for so small cost. This department is ready to assist you, whether your problem is a complete planting for a new home, changing a present planting, or adding new plants to your collection.

Gentlemen:

I am enclosing herewith my check to cover final payment of bill rendered on May 27. I should like to take this opportunity to express my appreciation for the fine job you have done. Not only has the work itself been most satisfactory, but it has been a pleasure to deal with an organization which cooperates with its customers in the way you have done.

Yours truly,
